

On This Side Of The Sun

By Phat

EFFICIENT — Last week I wrote about Lee Grabel, master magician at Torney, as "Pvt. Grabel." That's all right, he shouldn't feel bad, I've demoted and promoted more men than Col. A. B. Jones and Lt. Col. Richard Morgan put together. . . . The mail brought its ups and downs this week. First came a letter addressed to "The Desert Sun," desert meaning the land of honey. But that compliment didn't last long. Next mail brought a letter addressed to "The Desert Sin." . . . Mayor F. V. Shannon, after a call at the office when he found no one in, called it "The Deserted Sun."

PROTECTION — The United States Marine Corps has taken action long advocated by this column—honorably discharged men are now given a badge they can wear on their civies. Then when some officious busy-body says sternly: "And why ain't you in the army?" they can flash the badge and shut them up. . . . Army and navy should do the same. Too many instances have been recorded where men, honorably discharged—some even for wounds received in action—have been mauled by over-zealous patriots. . . . I like that new war bond slogan—Give a bond for Christmas, the present with a future.

MUSIC DEPT. — Another old-timer has made the Hit Parade and is chirping from juke boxes all over town—"I Want a Paper Dollie." This one was written several years ago and kicked around unnoticed until just recently. . . . I wish they'd stage a movie about the life of Jerome Kern. Think of all of the good tunes they could get in that one! Or Cole Porter. . . . That would take in my two favorites "Who" and "Begin the Beguine." . . . I hope they never write one about the life of the composer of that gun-toting matron. . . . I feel sorry for Sinatra. Press agents have made him a lot of fans, also a lot of enemies.

THIS AND THAT — Palm Springs has given many notable things to the world—desert playground, a chance at health, lots of fun. But one of its greatest contributions is Dorothy Lamour's sarong. Dotty first wore a sarong when "Jungle Princess" was filmed here in 1939. . . . I would like to say that I can't see anything sarong with it but that really would be too terrible. . . . When Val Paul, producer of "The Song of the Open Road," wanted a little more realism, he leased a date garden near here for some of the scenes. Shooting started Monday.

MORE AND MORE — Frank Partridge's story about the man who was pushed from the cliff to relieve the housing situation, brought forth the comment from an army wife that in some cities, people watch the obituaries in newspapers—as soon as the read of the demise of someone in a desirable location, they rush to the house to rent the vacant room. They have to get there with the undertaker or some one will beat them to it. . . . Why are some people so eager to take the word of Jap internees that they'll be good? Weren't two Japs promising peace in Washington when the Nips struck at Pearl Harbor?

SO THEY SAY — Here are a few quotations that should be thought provoking: First, "I've talked enough with management and industry to know they don't want women in industry after the war." That's by UAW president R. J. Thomas. . . . Then, "Civilians must learn not to talk. No amount of remorse over careless words can restore a single life because the enemy was tipped off," said Maj. Albert Stowe, army intelligence section. . . . Lastly and most important: "The generation after the war will be very poorly equipped if they are not permitted to finish their education, interrupted by the war," Sen. Walter F. George, Georgia.

IN CONCLUSION — This plan for a community hospital here is something like the weather—a lot of people talk about it, but. . . . It was a hot topic in 1939, too. . . . In 1846, Sir Henry Cole, in London, had a bright idea. He sent his friends best wishes for a Merry Christmas on a card—and really started something. If you don't believe he did, ask Postmaster R. M. Gorham. . . . Mrs. E. Greenberg, turned down by every apartment house when seeking living quarters, because she had two children, asked a pertinent question: "What's the matter? Were all of the Los Angeles people born old?"

Indian Land Suit May Be Settled Soon

Justice Department Agents to Be In Village Next Week

Representatives from the United States justice department and from the United States Indian office are scheduled to arrive in Palm Springs next week to confer with members of the Agua Caliente band of Mission tribe Indians here and with tenants on Indian lands in a move designed to settle out of court most or all of the 284 suits filed on Oct. 4 in federal court seeking to settle the tribal land question.

The suits were filed by Norman Littell, assistant attorney general, in an effort to settle once and for all, the confused tribal land rental situation.

ALL TRIBAL LANDS

In the government's suit, aimed at 18 Indians and 266 individuals renting Indian lands, it was contended that all of the lands on the reservation belong to the tribe as a whole and that moneys collected for their use should go to the tribe. Littell charged that 18 members of the tribe were collecting the bulk of the money, his estimate, based on studies by department of justice agents, being \$164,400, whereas the money paid to the tribe was but \$13,000. The government contends the entire sum should go to the tribal fund.

Mr. Littell addressed members of the tribe and read a long statement to them on the situation on Sunday, Oct. 3.

MAY NOT BE TRIED

The suits are now pending in federal court but if an agreement satisfactory to the government is reached here next week, it will be placed off the calendar.

William Vieth, Indian agent here, said today he had information that the government men would probably be here early next week and that, from present indications, chances were bright that practically all of the suits would be settled. The representatives of the justice department, four in all, will also confer with the 266 individuals now renting tribal lands, clearing up their status for them.

Paul Shuttleworth Is New Patrolman

Appointment of Paul Shuttleworth as patrolman on the Palm Springs police force by Chief of Police Lyle J. Sanard, to replace Edwin Bradley, resigned, was approved by city council at its meeting this week.

150 Soldiers From Desert Holiday Guests In Village

Approximately 150 soldiers from the Desert Training Center area dined on Thanksgiving turkey and the trimmings yesterday as guests of Palm Springs residents.

Of this number, almost 100 were guests in private homes where they got the same reception they would have had had they walked into their own Mom's kitchen.

That was the idea of the invitations and Mrs. Emil Wagner, chairman of the USO committee which arranged the plan—to provide a touch of home life on the holiday, for the boys in training on the desert.

They joined in the family discussion, helped prepare the table and with the dishes afterwards, and enjoyed a touch of home life on a balmy day in Palm Springs.

Mrs. Nellie N. Coffman of The Desert Inn had the largest list. Fifty soldiers from the desert were her special guests on Thanksgiving day.

It was a great day for the boys—and for their hosts.

War Chest Drive Almost Over Goal As Deadline Near

"We aren't across yet—but we're on the one-foot line and only a fumble can keep us from scoring."

That's what Tom Holland, chairman of the Palm Springs War Chest campaign said today as the drive neared the closing day.

IT WON'T BE LONG—"Just about in the bag," is the way Tom Holland, above, chairman of the local War Chest drive, characterized the campaign today.

Drivers' Tests Will Be Given Here 2 Days

Have you looked at your driver's license lately?

Particularly as to the date of expiration—and if it has run out or if it is due to expire before March 9, 1944, draw a ring around the dates December 9 or 10 on the calendar.

Chief of Police Lyle J. Sanard today said that a representative of the state motor vehicle department, division of drivers' licenses, will be in Palm Springs for two days next month to issue and renew motor vehicle operator's licenses. The license office will be at the city council chambers, 482 North Palm Canyon Drive, on Dec. 9 from 11 a. m. to 6 p. m. and on Dec. 10 from 8 a. m. to 1 p. m.

IS EXPERIMENT

The appearance here of the motor vehicle representative is in the nature of an experiment, said Chief Sanard, and if sufficient motorists appear to make the trip to Palm Springs worth while, periodical visits will be made here by motor department agents.

"Operators' licenses may be renewed 90 days after expiration date so if your license is scheduled to run out before March 9, next year, you can come in now to have it renewed and save yourself a last minute scramble to have it done," said Chief Sanard. "There is no fee for renewal of California drivers' licenses."

MUST TAKE TESTS

"If the license has been expired for a year a driver's test is necessary. All persons never having been licensed in California, or those whose licenses have expired for more than a year must take all tests, driving and written. They should provide their own car for the driver's test."

Mat Hennes Making Encouraging Gains

Condition of Mathew Hennes, proprietor of the Desert Drug company, was reported much improved today and the attending physician says he will be able to be up for an hour on Monday.

Mr. Hennes was taken suddenly seriously ill Tuesday morning.

The War Chest is expected to be filled by Tuesday, Nov. 30, the last day of the drive. With three days to go, the Village was still slightly shy of its \$25,000 quota but:

"I believe it's in the bag," said Holland.

TEAMS STILL BUSY

Reports are still coming in from outlying areas and the residential teams under the chairmanship of Charles Mathews are on the last lap of the drive. They expect to finish this week-end.

The army posts have taken charge of their campaigns themselves and their reports will mark the conclusion of the drive next Monday and Tuesday. Officers are making their own canvass and special service departments are conducting the drive among servicemen. Civilian employees at the posts are also contributing through the army.

Response has been generous and with the help of the servicemen the goal is expected to be reached and surpassed.

THANKS TO ARMY

"In this regard I want to pay a tribute to the military personnel at local posts," said Chairman Holland. "Not only did they give us the fullest aid in arousing enthusiasm for the campaign with their fine band on Armistice day but they also contributed generously. The thanks of the committee goes to them for their double-barreled assistance."

Mr. Holland issued another appeal to any who may have been unintentionally overlooked by solicitors to mail or bring in their contributions to the chest at headquarters, 311 South Palm Canyon drive.

Two Girls Detained Here For S. F. Chief

On request from Chief of Police C. W. Dullea of San Francisco, local police last week end arrested Lillian Anderson and Carmen Ortesi here. They were taken to Riverside by Contable Clarence Templeton and turned over to the matron at the county jail.

Charges against them in San Francisco were not revealed.

The Question Is: Who Really Got The Bird

Family Puss Wrecks Well-Laid Plan for Thanksgiving Feast

"'Twas the day before Thanksgiving and all through the house, Nary a cat would even look at a mouse. And why should they? They were surfeit with turkey and thereby hangs a tale."

Some time ago Arthur E. Bailey of Smoke Tree ranch, former city service manager, went out and contracted for a fine, ripe turkey. Then he sat back in gustatory anticipation with the realization of a job well done.

COUNTED TOO SOON

But while he didn't exactly count his turkey before it was hatched, he counted it before it was on the table, resplendent in its dressing and accessories.

Came this Tuesday and Bailey went forth to get the bird. The execution was neat and Mr. and Mrs. Bailey went to work on the prospective Thanksgiving Day piece de resistance. Soon they had it as nude as the naked truth.

Then came the first sign of disaster. The undressed (thereby dressed) turkey was too big for the refrigerator. But that was an obstacle quickly overcome. Mr.

More Facts On Costello Plan Asked

C. of C. Directors Want All Data Before Acting

A decision to proceed cautiously and take no action until all facts were available was reached by directors of the Chamber of Commerce meeting last week-end after hearing reports from a committee consisting of Harry J. Williams, Philip L. Boyd and Francis F. Crocker on the proposed Lou Costello and Bud Abbott Rheumatic Fever foundation.

The committee earlier met with Al Blum, attorney, and Joseph Glaston, representing Costello and Abbott.

TO RIVAL WARM SPRINGS

The project, as outlined in The Desert Sun last September, is designed to rival Warm Springs, Ga., in its work to bring child sufferers back to health. A million dollar hospital is proposed.

Mr. Crocker, in his report to the Chamber directors, said he was much impressed with the sincerity of the two representatives who met with the committee but said that nothing had been brought to light on the climatic suitability of the Village for such a foundation or had there been an opinion rendered by competent medical men on the proposal.

WOULD KNOW MORE

Mr. Boyd said that the chamber should not proceed until it knew more about the financial end of the foundation.

It was suggested that another meeting with Blum and Glaston be arranged at which representatives of business men and the city council be present to hear the facts.

Following further discussion by directors it was decided to contact Blum and Glaston and ask for a further meeting when all facts required for action by the Chamber of Commerce would be at hand. Letters will be written to the Costello representatives on that line.

COSTELLO IN TOWN

Lou Costello was in Palm Springs Wednesday looking over the situation. He had to return to Hollywood that night because of his weekly broadcast last night and so had no time to meet businessmen and more representatives.

(Please Turn to Page 10)

Manager Decision Reached

Appointment of a city manager for Palm Springs, to be effective January 1, 1944, is expected to be made at an early meeting of city council, probably next Wednesday, Dec. 1.

Council met in an informal round table discussion early this week and went into the matter thoroughly. The meeting was called by Mayor F. V. Shannon after Councilman Philip L. Boyd brought up the matter at the Nov. 17 council meeting. Mr. Boyd said that some action should be taken soon and Mayor Shannon suggested the meeting of the council as a committee of the whole.

A decision was reported reached at Monday's meeting but no authoritative information will be available until a regular meeting of the board.

Third Course Launched By Gray Ladies

Fifteen prospective Gray Ladies are now undergoing their five week training course under the auspices of the Palm Springs Branch of the American Red Cross.

Before they become full fledged Gray Ladies they will have attended two classes a week at Torney Hospital where lectures will be given by staff doctors in various fields of hospital procedure.

Upon their graduation they will wear the becoming gray uniform and veil prescribed for them by the Red Cross.

Their service will be in the wards of the hospital where they will write letters for patients, do shopping errands, play checkers, read aloud and otherwise fill the capacity of "visitors" for many boys who are far from home ties and friends. It is the third group in training here.

Palm Springs already has thirty Gray Ladies serving at Torney under the chairmanship of Mrs. Philip L. Boyd.

The fifteen prospective members of the group who are students of the third course include: Mrs. Frank Alcott, Jr., Mrs. Elbert Brock, Mrs. Theo. R. Cadwalader, Mrs. Norman Clendenen, Mrs. Alice C. Guthrie, Mrs. Harry Hanbury, Mrs. Barney Johnson, Mrs. Marion Miles, Mrs. Virginia Mohler, Mrs. Harold Murphy, Mrs. Frank A. Purcell, Mrs. Agnes W. Reeves, Mrs. Stanley Rosin, Mrs. M. E. Schwab, Mrs. William Stern.

Name Mrs. Baker As Christmas Seal Drive Leader Here

It was announced this week that Mrs. Leo Baker had been placed in charge of the annual Christmas Seals sale in Palm Springs and that arrangements for the event would be completed next week.

Mrs. Baker is awaiting further details from Riverside head offices of the county Tuberculosis Association.

She plans to name a committee to aid her in the work next week and will make a new approach to the annual work this year. Instead of just one sales place at the post office as in previous years, more places where the seals are available, will be established. In the meantime, the association office at Riverside has already placed seals in the mail for many Villagers and letters going out from Palm Springs are already sealed with the little mercy stickers.

Dr. and Mrs. Jack Dugan of Delano spent several days in the Village this week, guests of the doctor's parents, Mr. and Mrs. John Dugan of 212 Vio Lola. Mrs. John Dugan, who has been seriously ill, is reported much improved.

Expenses of City Now Top Income

Councilman Cutler Says Public Should Get Financial Story

The finance committee of city council today had under study a proposal advanced by Councilman Frank W. Cutler that a statement be prepared to acquaint the public with an approaching crisis in the financial condition of the city and to survey means for increasing the revenue by the city.

Withdrawal of valuable lands from the tax rolls by government acquisition for war purposes have greatly reduced the tax income under the \$1 per \$100 assessed valuation, long jealously maintained by the city and Mr. Cutler believed serious consideration should be given at once to the matter.

TENDENCY GROWING

"I believe the council has long been impressed with the fact that the income of the city is now less than the disbursements," Mr. Cutler said. "The council is also impressed with the fact that this tendency is increasing and that we are facing a problem which must be met some way."

"I urge that steps be taken to acquaint the people of Palm Springs with this fact and would suggest that the acting city manager be empowered to prepare a statement for the public."

"In the meantime, a study should be made to find some solution to the problem."

THREE-POINT PROGRAM

Mr. Cutler suggested a three-fold program of study. His idea was that a study of other cities of the sixth class, such as Palm Springs, and some larger cities, be made to determine how the average tax rate compares with the Village rate, that a study be made to determine if revenue can be obtained from the many pinball machines here and also a comparison of existing business license fees assessed here and in other cities of like class and size be made.

"An ultimate solution of the problem must be found and the public should know of the problem and what the council is doing," he said.

TO FINANCE COMMITTEE

Councilman E. E. Theriault suggested that the matter be placed in the hands of the council's finance committee for study and it was referred to that body by Mayor F. V. Shannon.

Councilman Theriault said that cities of the sixth class are limited by state law to a \$1 per \$100 valuation tax rate and that an increase can only be made by a vote of the people.

Many cities have voted bond issues for improvements to get around the \$1 limitation but Mr. Theriault pointed out that in the average bond issue the cost to taxpayers of any project was 200 per cent.

NO DAMAGE IN FIRE

A brush fire on Alejo road Wednesday called out the Palm Springs fire department. Chief Bill Leonosio said there was no damage.

"Tippy" Will Get Fitting For New Leg In Few Days

"Tippy" is going to have a new leg by this time next week. The dog, brought to Dr. O. B. McRory by its owner, Mrs. Doty, after one of its legs had been mangled by a truck, aroused the sympathy of Buddy Raye, brother of Mariba Raye, famed screen and radio star. Raye fashioned a wooden leg for "Tippy" and Dr. McRory said it was a perfect job.

The fitting will be made within a few days, Dr. McRory said.

New Arrival Here Shows Faith, Buys Office Building

Dr. H. M. Behneman, recently arrived in Palm Springs to practice medicine, has purchased the Dr. Bacon L. Clifton building at 700 N. Palm Canyon Drive and has established his offices there.

Dr. Clifton has moved his practice to Los Angeles.

"It's an ideal location and the building is perfect for my needs," said Dr. Behneman.

The purchase price was announced as \$10,000 and Herbert Samson handled the transaction.

The purchase by Dr. Behneman, within a fortnight after his arrival here, is evidence in his belief in Palm Springs.

The injury has been slow in healing.

First Field Trip of Desert Museum Scheduled Sunday

Next Sunday morning, the Palm Springs Desert Museum will officially begin its field-trip season with an excursion to the lower part of Tachevah Canyon, also called Dry Falls Canyon.

The group will assemble at the Museum, in the Library Building, at 9:30 a. m. From there it will proceed by automobile to the entrance to the canyon, and then walk.

The rains have come at fortunate times this year, and there are already a good many flowers blooming in Tachevah Canyon along the hillsides. There are also to be seen there many interesting cacti and other plants that are not yet in bloom.

The distance from the Museum to the foot of the canyon is a little less than a mile, and it is hoped that some people attending will be able to bring their cars. As for the walking, that part will be very leisurely and over easily-traversed territory. The trip will be finished around noon.

Servicemen and their families are urged to attend, free of charge; members of the Museum may also go free, and bring a guest. For the rest of the public a charge of 50c is made.

Desmonds Getting Ready For Active Christmas Season

With just 24 shopping days left before Christmas, the entire staff at Desmond's Palm Springs, has been busy the past few days unpacking and arranging a choice stock of Christmas articles.

Manager Larry Schultz has increased the staff in anticipation of earlier Christmas shopping than usual and that the incoming shipments are larger and of greater selection because of the brisk season anticipated.

A crew of expert window trimmers from the Los Angeles store has been in town the past few days installing new lighting fixtures in the windows and giving a Christmas touch to the entire interior of the spacious store.

Village Masonic Club to Meet Next Tuesday at Noon

Marking their second meeting of the season, members of the Palm Springs Masonic club will meet next Tuesday noon at 12:15 p. m. at the Desert Inn and have invited all Village and visiting Masons to attend.

Because of existing conditions, Lloyd Simon, president, said that all reservations must be made in advance and Masons desiring to attend should telephone and send check to either Mr. Simon or to Willard Hillery, treasurer.

Changes In Ration Stamps Announced By OPA Official

Validity dates for five more brown stamps in Ration Book 3 were announced this week by Paul d'Orr, OPA head for the southland.

Stamps Q, R, S, T, and U go into effect on successive Sundays starting Dec. 19. Q expires on Jan. 1, while the others are valid until Jan. 29.

G. H. J and K, effective now, expire a week from tomorrow.

L, effective now, and M, in effect Sunday, are good until January 1, 1944.

Last Saturday, midnight, marked the end of Book 2 when blue stamps X, Y and Z, the last canned goods stamps, expired. Green stamps A, B and C in Book 4 are now good for canned goods and will expire Dec. 20.

Gasoline coupon No. 9 went into effect Monday and is good for three gallons per coupon until Jan. 21.

Staff Assistant Course Under Way At Red Cross Here

Among the busiest girls in town are the present certified staff assistants serving the local branch of the American Red Cross. Those women, who number six, including their chairman, Mrs. Vera C. Nicholson, serve as liaison officer between the public and the Red Cross and are on duty daily at the local headquarters on the Desert Inn grounds.

The present staff will be augmented shortly by graduates of a new series of classes for Staff Assistants which got underway last week. Members of the group who will learn the technique and problems of Red Cross service through lectures given three mornings a week, include: Mrs. Marilyn Simmons, Mrs. Ruth Stoughten, Mrs. Sophie Goren, Mrs. Gladys Miller, Miss Virginia Henry, Mrs. Ellouise Cutler, Mrs. Margaret Smith, Mrs. Helen Murphy, Miss Marion Brittingham, Miss Ruth Devine, Mrs. Elizabeth Smith, Mrs. Hazel Hanson, Mrs. Peggy Gillespie, Mrs. Florence Spraggins.

Mrs. Martha James of the Raymond Cree realty office, was in Los Angeles on business the fore part of the week.

While serving in the Navy, all business dictated to my account is credited to me.

Tom Holland Buys A. M. Shield Home, Village Showplace

Tom Holland is anxious to get this War Chest campaign, of which he is chairman, over so he can putter around the new home he and Mrs. Holland bought here this week—the former home of Mrs. A. M. Shield of Berkeley, at 277 El Portal. The house is one of the show places of the Village and was recently featured in a national home magazine. Mrs. Shield is a member of the Desmond family, noted Los Angeles merchants.

Mr. Holland, who has been a frequent winter visitor here, came here during the summer from San Jose. He has been with the J. C. Penney company for many years, opening their store in San Jose in 1927 and the big Penney store in Hollywood in 1937.

He is a close friend of J. C. Penney, coming from the same town where the first Penney store was opened in 1902, Kemmerer, Wyoming.

"If I've had any success in this War Chest drive, you can credit it to the long years of training and association with Mr. Penney. He always insists that his men take a major part in community and civic work," said Mr. Holland.

Plans Completed For Annual Bazaar By St. Paul Guild

Monday afternoon is the date of the annual Christmas Bazaar and card party given by the Women's Guild of St. Paul's in the Desert, and a pre-view of the many varied and attractive articles to be sold was given Tuesday at the final sewing meeting held at the home of Mrs. Emil Wagner.

Starting at 2 o'clock the sale and card party will be held in the card room of the Desert Inn, and from advance sales, the attendance will be large. Table prizes will be awarded for cards. The sale includes dolls, household articles, personal gifts, and unrationed food. The women have been busy during the past months in making many unusual and appealing articles, which should find ready sale for gifts or for personal use. Many attractive posters, the work of Miss Helen A. McCallum, are on display to advertise the sale.

Under the direction of Mrs. Raymond R. Wilson, president of the Guild, the bazaar promises to be most successful and to provide the Guild with funds for its charities and to buy War Bonds.

Special Memorial Mass to Be Said For Mrs. Hicks

Special Mass in memory of the late Mrs. Theresa Hicks, who was prominent in Village club, civic and church circles up to the time of her passing away a few months ago, will be said at Our Lady of Solitude Catholic Church, next Sunday morning at 11 a. m., Father C. Norman Raley, pastor, said today.

Father Raley, who has been ill, is now able to be around again.

Clothing Needed By Welfare Group For Needy Ones

Clothes — clothes — clothes. Clothes for children of school age, for little children too tiny for school, and for new babies—this is the problem of the Welfare and Friendly Aid Association for this week, according to Mrs. Charles Burket, who is in charge of this feature of the many-sided welfare organization.

At the House of Friendly Service the demand for clothing has accelerated during the past weeks, and while clothing for all people of all ages and sizes and sexes is great, that for children is the greatest and most difficult to satisfy.

Palm Springsters who have donations for this work are asked to telephone Mrs. Burket at 3213, or to leave their bundles at the Red Cross Headquarters on Palm Canyon Drive.

Household articles, bedding, dishes, curtains, furniture, are needed also, but with the crisp mornings and evenings of the present has come the realization that warm clothing must be gotten now for the days ahead.

Mrs. Martin Zalud Re-Opens Winter Home in Village

Mrs. S. Martin Zalud returned to Palm Springs for the season last week and has re-opened her home at 216 Camino Descanso. She has as her house guest, Mrs. A. J. Usoskin, who expects to spend six weeks with her.

Mrs. Zalud was hostess to six soldiers from the desert area yesterday at Thanksgiving dinner. Her son, Richard, who is a naval cadet at Tom's River, New Jersey, will spend the Christmas holidays here. Mr. Zalud also expects to be in the Village with his family during the Christmas holidays.

Next Year Will Be Different

NEXT year will be different. Not only the weather, and markets, and the needs of the country. Our jobs will be different, too. Because next year we're going to do those jobs differently—and we hope better!

We, whose job is producing goods and services, have been making resolutions like this for years. And we've been keeping them! For in our kind of business, you either keep on finding better ways of doing things, or—you go backward! And if enough people do that, the thing we call progress bogs down.

That's why farmers keep on trying new seed, and fertilizers, and machines, and strains of stock. That's the reason industry carries on research—another name for a constant search for new knowledge and better ways to do things. Because most of us have been doing this for years, America has had the highest standard of living in the world. And it's the reason, too, that American production is doing so much today to bring victory.

After the war, America is going to need more than ever men with the courage and enterprise to invest time, money, and hard work in the search for better things. And if America's producers understand each other, and each other's problems, we'll be able to do these all-important jobs better. General Electric Co., Schenectady, N. Y.

Sgt. Skinny Ennis And His Band Here

Skinny Ennis and his band were in Palm Springs last week-end playing at both Torney General Hospital and at the Air Base. Ennis, who is now a master sergeant stationed at Santa Anita ordnance base, presented a lot of solid sending for two packed houses, an hour and a half of entertainment for each, featuring many of his own arrangements and much hilarious ad-libbing by Ennis and his band.

Fossils were known to the Greeks in the sixth century, B. C.

NCO Club to Have Own Air Base Home

Approval came this week from Brig. Gen. William H. Tunner, commanding officer of the Ferrying Division, for a club house for the Non-Commissioned Officers club on the base. Plans call for a large structure with rooms for dining, dancing, lounging and games and an ample kitchen, S-Sgt. George Podway, president of the club, said.

The earliest known bird had a row of teeth set in its jaw.

Scotties Maintain One-Point Edge In TGH Officers' Loop

The Scotties of the Officers' Bowling league at Torney General Hospital dropped three out of four points to the Fubars last Thursday but clung to a narrow one-point lead in the circuit as the Beachcombers, their nearest rivals, could do no better than split 2 and 2 with the Gremlins, mulling the chance to take over the lead.

The Gremlins, by dint of the tie, maintained their position in third place, just two points out of the lead.

The standing of the teams:

Team	W	L
Scotties	15	9
Beachcombers	14	10
Gremlins	13	11
Snafus	12	12
Tigers	12	12
Fubars	11	13
Gleeps	10	14
PMS	9	15

Night Flyers Win Over Officers, 3-0

Night Flyers baseball club from the Army Air Base, who last summer won the Softball championship, have lost none of their punch it was revealed this week when they took the Officers' ball club into tow by a 3 to 0 score in a fast game played at the Field Club.

Donovan, on the mound for the Flyers, held the Officers to one lone hit.

Air Base Holiday Dance Great Event

With many lovely friends from movie-land present to dance with, the men, an all-post dance at the army air base, proved a delightful Thanksgiving holiday event Wednesday night.

Cast of the film, "Song of the Open Road," being filmed near here, was invited to and attended the dance in the post gym.

Music was by Will Thurman and his Post dance band.

Papal territory included more than 3,000,000 people before the unification of Italy in 1870.

Two Games Mark Opening of Night Softball League

The new Palm Springs Softball league got underway Tuesday night at the Field Club grounds with two games being played, both furnishing plenty of excitement.

The opening game was between the Night Flyers from the air base here, and the high school, while Palm Springs Lions tangled with the team from the Ordnance Pool at Palm Village in the second game.

The army teams won both games.

NIGHT FLYERS WIN

The Night Flyers flew high to cop a 17 to 5 decision over the high school lads. It was just the school's luck that they were stacked against the team which took the summer softball championship this year.

The Lions put up a stubborn battle against the Ordnance men and lost out only as result of a few costly errors at the wrong time by the one-point margin of 7 to 6.

START GIRLS' LOOP

Next Monday night the Girls' Softball league will start. Playing in this loop will be a team from the WACs at the air base, one from Torney General Hospital nurses, one from the high school, and a civilian girls' team.

The men's league will continue to play on Tuesday and Thursday nights with double headers each night, the first game at 6 o'clock, the second at 7:30. No game was scheduled for last night because of the holiday but next week Torney will meet the Air Base Strafers in the first game Tuesday night and the Ordnance Pool will meet the high school in the second game. On Thursday night the Strafers will meet the Lions and the Night Flyers will meet Torney.

R. H. Bennett, Field Club director, is in charge of play.

Torney EM League Leadership Still In Deadlock Today

The tight deadlock which exists in the Torney General Hospital enlisted men's bowling league, continued this week when both leaders, Detachment of Patients and QSVL Strikers won their contests by identical scores and are still in a jam, with 18 wins and 6 losses each.

The Strikers downed the Registrars 3 to 1 while the Patients upset the Dental Clinic 3 to 1. Headquarters breezed into the race with a 4-0 triumph over the Military Personnel. In the fourth match, the Military Police bowlers trimmed the First Sergeants, 3 to 1.

Last week the Patients and QSVL met in a clash which was supposed to end the deadlock but didn't, the teams winding up 2 and 2.

The crocodile has the most highly developed circulatory system among reptiles.

Ferrying Casaba Quint Comes Back, Trims Torney Five

The worm will turn—not that the basketballers from the 21st Ferrying group are worms—but turn they did. And it wasn't the other cheek that they turned.

After having been downed twice by Torney's basketball squad, the Flyers turned the tables in the third game of the series, nosing out the Medicos 33 to 31 in a tight basketball game played on the victor's hardwood.

Both teams are getting into shape for a service man's basketball league which will start operations soon.

Practice tilts between the two local squads will continue for a few weeks until the regular service circuit starts.

Bowling Round Put Over For One Week

Because of the Skinny Ennis show at the Army Air Base Monday night, the regularly scheduled events in the Ferrying Group bowling loop, on the Palm Springs Bowling academy alleys, was postponed. Play will be resumed next week.

"Darling, haven't I always given you my salary check the first of every month?"

"Yes, but you never told me you get paid twice a month—you low down, unprincipled embezzler."

Income Tax Declarations

Due December 15th

The income tax declarations due December 15th are almost as important as the final return which must be made for the year on March 15, 1943.

If you are not sure whether you have to file, or if you are within the 20% penalty on your estimate, you better seek expert advice and not trust to hearsay or luck. It is less expensive to be right!

High School Girls Model Smart Gowns At Fashion Event

BY BARBARA KNOWLES

Behind closed doors of room 9 at "ye ole high school" on Tuesday, there was an atmosphere of tension and suppressed excitement. The reason? 19 attractive lassies (blondes, brunettes and redheads) were "garbing" themselves in smartly styled clothes for the annual Girls' League Fashion Show.

If you could have been at the window, you would have heard many remarks such as: "Hurry with my dress!"—"Oh, where are my shoes?"—"Get out of my way!"—"Let me look in the mirror."

IT WAS ALL THERE

At one side of the room you would have seen two racks of colorful garments. Everything from a bathing suit to a western outfit and from a slack suit to a date dress with a tiny hat. It was indeed a gala event.

The Fashion Show, directed by Mrs. Mary Eisen, Dean of Girls, and presented by members of the Girls' League, was given twice during the day. First, in the morning for the Assembly and again in the afternoon for the mothers of all students.

Following the afternoon show, a social gathering was held around the tea table. In this way, students and their mothers became better acquainted.

FROM ALL CLASSES

Bullock's Palm Springs contributed a prize for the affair. Girls from every class participated. They included:

Models: Tony Lowe, Bettie Neese, Sally Robinson, Merrill Crockett, Julie Martineau, Vivian Gautiello, Helen Louise Williams, Poly Gnagy, Barbara Knowles, Manon Vaucher, Trudy Sawyer, Donna Crockett, Betty Chapman, Cecile Morris, Babs Neel, Pat Bryce, Barbara Emigh, Norma Jean Mabrey and Lori Lee Bering.

Announcer — Kathryn Croft, President of Girls' League.
Master of Ceremonies—Martha McCarn.

Dresses: Carol Burket, Maryann Gorcestor, Barbara Smith, Carolyn Hogg, Joanne Hookey, Violet Fletcher, Jo King, Mildred Woolhouse, Rosemary Pratt.

Hostesses: Edith Dunigan, Barbara Dodds, Jean Gilmore, Phyllis Renville, Sally Lockett, Pat Holderman, Geri Boyer, Barbara Croft, Marie Jackson, Diana Robb, Petronilla Mutascio.

Tea Committee: Julie McNeely, Joyce Maloof, Norma McCall, Erica Orth, Dorothy Woolhouse, Cherie Mashburn, Mildred Potter, Mary LaRane, Lila Lee Lilly.
Decorations Committee: Betty Chapman, Edith Taylor, Barbara Inman, Polly Gnagy, Manon Vaucher.

The clothes modeled were loaned to the high school through the courtesy of the following stores: Bullock's, Desmond's, Lanz, Maybelle's, Milady's Jewels, Knobby Knit, Plaza Yarn Shop and The Tailored Lady.

Harney Peak in the Black Hills of South Dakota, reaching an altitude of 7,240, is the highest point east of the Rockies.

Bill Curtis Hears He Has Passed V-12 Test Given By Navy

On November 9, Bill Curtis, June graduate of P. S. H. S., took the Navy V-12 examination at the local high school office with three other eligible Palm Springs candidates. Ten days later word was received from Navy headquarters that Bill had passed this examination.

Bill now enters an engineering officer training program in the United States Navy. He has been asked to report on November 29 for his physical examination.

Other boys who took the examination have not yet had reports on their standings. At the time they took the test they were told results would be announced sometime before December 20.

GAZZOZIT

By Cecile Morris

This is your Gazzozit reporter, recovering (?) from another weekend, but well enough to bring you some of the local happenings of ye ole P. S. H. S. inmates.

Upon looking into my crystal ball I discovered some very interesting happenings. Such as:

Sally Robinson and Joe at the Coachella game Friday night. But who was that along with them?

There were some long faces around Monday, on account, because that swell guy, Bob (Pudge) Pugh signed out and left for Virginia.

The stands at the Banning-Coachella football game proved to be well filled with inmates from all four schools in the league. Someone made the statement that the score was 0-0 in favor of Coachella. (The rest of us, too.)

Caroline Gould was back for the game Friday afternoon and stayed over the weekend. She lives in Beaumont now.

We hear via the grape vine that Donna Crockett had a civilian instructor in tow Saturday. The said man can be described in one word, B-W-A-N-G!!!

Colin Bragg is giving Julie no time to think about "The dear departed" (to Long Beach) these days. Just call him "Flashy."

Bob Dart's house was the scene of mild activity again Saturday. In case any of you have been wondering about a couple of I-owe-you's, Dart has—ask somebody else, I'll never tell.

Geri and Nick are still going strong. Someone told me Nick has a great dislike for unexpected headlights. I wonder why?

We hear Joanne Hookey had a date with Whitehead Saturday night. Well, well, what's this?

Hoover is still dating Barbara Smith. Keep up the good work, kids!

Bud Foster let down our ole Alma Mater when he bet in favor of Beaumont. Just which school are you going to ole boy?

The new sophomore boy around school is Bob Dart's brother, better known as Jim.

What was cookin' between Bell, Burket and an unidentified object the other night? These late dates really are the thing.

Why don't some of you unattached men about town take a good look at that cute little sophomore, Polly Gnagy?

Bob Bell's letterman sweater took wings and flew (via Greyhound) right up to Beaumont.

What steady couple made room 8 a second little "T" Monday afternoon? Good heavens here, too?

We hear Warner Moore has (or had, when this gets to you) a date with Julie. The question is, will he be able to keep it?

Bob Lienau keeps worrying about last Sunday night. Don't let it worry you, Bob. No one else is worrying. And I do mean no one.

That dashing (?) man (?) Van Linkletter has left town to join the Army or Navy. Ask someone whose better informed on the subject—Babs.

There is a certain door man at a certain theater in town who doesn't like sailors. Does anyone want to argue on the subject of who is the most friendless person in town?

CHEERS: to the football team. You really played well, everyone of you.

Also to Ralph Galzerano. You're the best water boy in the business.

FROWNS: To all those unappreciative people who didn't care much about the games. I'd like to see anyone of you do as well as the players did.

That's about 30 for this time. I'll see you again next week.

Palm Springs High School Smoke Signal

Indians Drop One to Beaumont High By 32 to 14 Score

BY BOB LIENAU

The outcome of the Palm Springs versus Beaumont football game was discouraging for the Indians. They were defeated 32-14. This game took place last Friday afternoon on the Palm Springs high school gridiron.

The game started out with the Indians hitting hard and showing Beaumont a lot of good football. They scored twice during the first half. The first score was made by P. S. H. S. during the first quarter. This score was made by Russ Massengale who ran the ball for approximately 35 yards to score for the Indians. After this beautiful run by Massengale, Joe Sandeffer completed the conversion point by drop-kicking the ball. The other score made by the Indians was made during the second period. The Indians kept driving into Cougar territory until the time came when Palm Springs had an opportunity to try for a score. Maurice Smith, Indian fullback, passed the ball to Vernon Ward who ran the ball over to score. Once again Captain Sandeffer completed the conversion point by drop-kicking the ball.

At the end of the first half Palm Springs high led Beaumont 14-13.

During the second half of the game, the Cougars started an aerial attack on the Indians which caused them to make an overwhelming score over P. S. H. S. The third and fourth periods were hard fought but Palm Springs was not able to defend their territory from this passing attack. At the end of the game the score board read Beaumont 32, Palm Springs 14.

This was the last league game of the "43" football season played by the Indians. Although it was an unsuccessful season for winning games, it was more than successful in learning teamwork and companionship by all the fellows. The Beaumont game was the last game to be played by several of the team members, who are seniors.

Twelve seniors turned out for football this year and they will be missed greatly by the team of next year.

The fellows who played their last game for P. S. H. S. last Friday are: Joe Sandeffer, captain of the team and one of the best players P. S. H. S. has ever had.

Joe turned out for football for four years. Bill Foster, quarterback, has been one of the great morale boosters of the team. Bill will be missed by all the fellows for his ability for blocking and making way for the ball carriers.

Foster was out for football for four years at P. S. H. S. Nick Mutascio, guard, is a fellow who was playing hard all the time regardless of the odds against him.

Mutascio broke a finger during the season but that didn't stop him from playing football. He was another fellow who went out for football every year he was at P. S. H. S. Vernon Ward, end, was always fighting for his team when playing on the grid. Ward is known for the ability of "snagging" the ball from all angles.

Vernon played for Palm Springs for four years. John Hobson, end, was a tactful defensive player and made it rough for the opponents at all times. Hobson was out for football for two years. Jerry Tracy, lanky end, played an exceptionally good season of football. Tracy has played for the Indians for two years. Troy Dunn, husky tackle, will be missed by the team a great deal. Dunn was always playing hard and was an excellent sportsman. Dunn played for Palm Springs high for two years. Russell Massengale, end, came to Palm Springs from Coachella high school. Although he was playing old classmates when they were playing Coachella, he always played hard for the Indians. Massengale will be missed by all the fellows who played football with him. Gil Smith, husky center, gave all he could to try to make the "43" football season a successful one. Smith was a hard hitter and valuable to the squad. Charles Veith, tackle, played his first year of football and was very valuable to the team. James Partridge, guard, was sick a great deal of the season, but when he was able, he was always out on the field playing with great determination.

All of these fellows will be missed by the squad when football season "rolls" around next year. Although this year was an unsuccessful one there will be many fellows who have had experience so they will know what to expect when football season comes in 1944.

(Left) The girls say, "We can dream, can't we?" as they wade across the inundated high school court. Two hours earlier they had their lunches there.

(Above) No, it's not a swimming pool. It's part of the campus of Palm Springs Union High School. The lawn is being "watered" in the normal way, only earlier in the day than usual.

(Right) Here it looks as if the bathing beauties were dangling their "tootsies" in a lily pond, but actually the "lily pond" is the Palm Springs Tennis Club's famed oval pool.

Editorial . . .

WORD OF PRAISE

The football season has ended and soon we shall start basketball. But before the school goes into its other activities, we think that it should give a word of praise and thanks to the football team and the coaches, for the swell job that they have done this season.

It is a lot of work preparing for a football game. Each player must be worked out ahead of time. Each player must know what he is to do, and how, and when he is to do it. It is the job of the coaches to teach the boys how to use the new plays and when to use them.

Then comes the manager. It is his job to see that his team has everything it needs. He carries the water to the boys at each quarter, and sees that all the necessary equipment is on hand. All of this takes time and much practice!

Each man, whether he is on the first string or on the third, comes out for practice every day. The squad practices on the average of two hours a day, five days a week, for nine weeks. Many times they give up their afternoons because they must practice, and they also give up many of their pleasures. It is a long, hard job, but they do it for themselves, the team, and the school. Ninety hours of practice is no picnic.

Coach Glover said today, "Not only have the boys gained much experience through this season's efforts, but they also have built themselves up physically. Many of our seniors will leave for the armed forces, and I know they will be in better condition—both mentally and physically—as a result of having played football."

Quoting from an article taken from one of the coaching magazines, the coach pointed out how a prominent British General urges British Armed Forces to learn American football. Football, of all sports, best typifies modern warfare. The defensive and offensive strategy of the game presents opportunities for the men to experience many of the factors of modern war.

I am sure you all will agree with us that the football team of Palm Springs high school has done a fine worthwhile job this season.

BOB HOOVER

Paul Murphy Hurt In Odd Accident

Paul Murphy, well known cafe and fountain man, suffered a severe abdominal wound when a knife which he was using slipped and he literally stabbed himself yesterday in an odd accident.

After being given first aid here by Dr. I. W. Lynn, he was taken to San Bernardino for further treatment.

Photography Class Gives Aquatic Touch to Desert Scenes; Pictures Aren't Just What They Seem to Be

Trick photography, it might be called. But that's true in only one or two respects. The photos in the accompanying "cut" are actual scenes, and they were taken by members of the high school photography class. They are not "faked" by film metamorphosis, through the arts of superimposition, nor by "phony" layouts.

Mr. Paul Summers, instructor in photography at the local high school, certifies that these pictures are genuine snapshots taken on 35 mm. film without the slightest amount of retouching. He should know, because the pictures were taken, developed, printed and enlarged at the high school under his direction.

THE WAY THEY'RE MADE

It's just the way the pictures were taken that makes them unusual. Then, too, they were taken at just the right time and under the right circumstances to get the novel results.

The picture that shows the mountain background is not a

Contracts Signed For Year Book By Palm Springs High

Publication of the 1944 Yearbook was insured this week by the signing of contracts with the Los Angeles Engraving Co.

Due to war shortages the work on the book has been started at this early date in order to permit the annual distribution of the book in May.

Mr. Jack Cannicott, representative from the engraving company, met this week with the staff of students who are working on the yearbook. A cover was decided upon and ordered. A theme was also discussed.

Like last year's "Chia" the main composition of the book will be photographs. Many photos have been taken already in such activities as horseback riding, swimming, and cycling.

"Campus life" pictures have been taken by the score.

The book is definitely "in the making," according to Mrs. Kathryn Martin, faculty member who is supervising the work on the '44 "Chia."

Mrs. May Sasson has returned from Del Mar where she went to be with her daughter, Mrs. M. L. Hurst, wife of Lt. Hurst and to see her new granddaughter, born to the Hursts on Nov. 17.

photograph of a swimming pool, but a "shot" of the high school lawn submerged for irrigation. That's the way this lawn is kept green. The flooding, however, is usually done after school hours. Because of a late afternoon visitor at the high school some months ago expressing great surprise—almost shock—at seeing the school court flooded, assuming that "some accident had happened," Dr. E. E. Oertel, principal of the school, thought it would be a good idea to have Mr. George Bell, school custodian, irrigate the area earlier than usual some day and have pictures taken of the submerged court with students appearing in the background.

NOT WHAT THEY SEEM

Another photo shows a bevy of high school coeds wading through the court. Two hours earlier they were eating their lunches on the comfortable lawn shown inundated in the picture.

The picture showing the horses and their riders might have been taken along the surf of almost any beach. But it wasn't. Actually, it was taken on the desert in front of the high school. The "spray" of what seems to be water is but the lacey branches of desert shrubs.

What appears in this group of pictures to be a lily pond invaded by mermaids is actually a photo of high school swimming beauties churning the water in the famous pool at the Palm Springs Tennis Club.

Cathedral City

(By J. W. Kyle)

After a year of agitation in true village style, discussing new names for our streets, Cathedral City has at last agreed on the old names with four additional new names for the north and south lanes from desert flowers, Verbena, Encelia, Chuparosa and Lavender. The county supervisors have been patient with us and we owe a debt of gratitude to Mr. Robert Dillon, our supervisor for his good influence and to Mr. C. B. Cravens, our superintendent of highways for his energy in getting the signs made. Now we have the signs safely housed in the town hall. We are considering the best way to get them set up. That is the real charm of village life, everybody has a hand in everything, everybody is interested and vastly amused by a little new thing which a city would not notice at all.

The next thing to get excited about, and we want you to be excited, is our general assembly of Red Cross workers, all the prettiest girls in town and their admirers on Friday night, Dec. 3rd at 8 p. m. in the Town Hall. Everybody is invited and we expect to have a real good time.

Mr. Philip Boyd, head of the Red Cross in Palm Springs, will

address us with his delightful story of the founding of Red Cross. Capt. Paul Sullivan of the 297th Engineers at Camp Young will sing for us.

He is said by good authority to have a wonderful voice. The program will end with a community sing of patriotic and old time songs.

We are very proud of the work our girls are doing for the Red Cross, meeting every Monday and Thursday from 1:30 to 4. We have 35 regular workers busy making things needed at Torney Hospital, slippers, wash clothes, etc., furnishing most of the material themselves. Next week they begin making kit-bags of khaki for the soldiers. They have \$4 in their treasury to buy Christmas presents for the men in the hospital.

A member of the Motor Corps who came to pick up the finished work told us this was the most energetic group of girls, who turned in the nicest work she had seen. One of the features of this open meeting will be the presentation by Mr. Boyd of a prize of five dollars given by Helen's Beauty Shop to the girl who has brought in the most new workers in the month of November.

Real estate in Cathedral City is moving. Mrs. Elsterman has sold her Broadway Court to Rev. John C. Abels. Dr. Edna F. Jerrue of Long Beach has sold her cottage on A St., to Mrs. E. E. Kimberley of Omaha through W. L. Jordan. Your correspondent interviewed Mr. Woods, librarian of the Carnegie Public Library at Riverside last Friday and received much encouragement for the project of our new library building and several valuable, practical suggestions, such as his plan for an inexpensive heating and cooling system equally useful in winter and in summer. He drew plans for our building and will be a most helpful friend to our enterprise. We hope to make this library a thing of beauty to stimulate future architecture in this town-with-a-noble-name.

Our friends keep giving us good new books, the latest were given this week by Miss Juanita Tennis and Mrs. Anna Ramberg.

We wish once more to urge all residents to put their garbage cans out in front Monday morning and Friday morning. The rest of the week garbage cans should be in modest seclusion, but Monday and Friday, out in front, where Mr. Harris can see them and get them easily.

About 75,000 men now constitute the personnel of the U. S. merchant marine.

Order Amendment to City's Traffic Control Measure

Question of "no parking" signs on Tamarisk road where traffic is congested by civilian and army cars entering Torney General Hospital grounds was referred to City Attorney Roy W. Colegate by council this week for inclusion in an amendment to the city traffic measure.

The amendment will include all traffic regulations sought by the army in the vicinity of the hospital.

Councilman E. E. Theriault of the public safety committee of the council reported on studies made of traffic conditions on Tahcheva and Tamarisk road and on side streets leading into these east and west thoroughfares. He suggested that the findings of the committee, which bore the approval of Ray M. Sorum, director of public works, be incorporated in one amendment to the present ordinance and that the amendment be presented to council at an early meeting for action.

Pauline Nelson Is Back In Village

Pauline Nelson, contouring and reducing counselor, has returned to Palm Springs and is now at Sally's Beauty shop, 279 North Palm Canyon Drive. Her method of reducing through electrical massage and posture work has been very successful, her patrons declare.

"After ten years of open-minded progress in the reducing field, I find this method, in its effectiveness in spot reducing, has superseded all others as a practical step for the modern woman," Miss Nelson said.

La Cita Cafe to Re-Open Tomorrow Under New Regime

The Village gets another sidewalk cafe this week when La Cita, 391 S. Palm Canyon Drive, opens Saturday at luncheon.

Announcement of the opening was made by Louis Thomson, former assistant manager of the Del Tahquitz, who has purchased the cafe, hotel cottage and apartment area. In the past La Cita has been owned by Florence Gaskell, Bernice Gaskell and Ruth E. Allen, who now own the Victor Hugo at Laguna Beach.

With the sidewalk cafe, La Cita has available a dining room with hotel cottages and apartments, plus a huge reception room with an open fireplace.

Thomson operated the restaurant and bar at the Lone Palm until Nov. 15 when he purchased La Cita. He was also associated with Earl Coffman in the operation of the Lodge at Lake Arrowhead this summer.

Accommodations are available to seat 100 persons in the cafe and restaurant. It is completely staffed, Thomson said, and all cooks are women. He says he has the most complete kitchen in the Village.

Air Base Bus Stop Measure Held Up

Because of a change on control of transportation at the 21st Ferrying Group base here, the matter of bus stop areas for air base busses, was referred back to the base by city council this week.

Councilman E. E. Theriault of the council's public safety committee to whom the matter was referred said that a new application would probably be filed soon.

USO Neon Sign Plea Awaits Decision

Installation of a Neon directional sign pointing the way to the USO Hospitality House on Tamarisk road, was back in the hands of that organization today.

Councilman E. E. Theriault who investigated the request for installation of the sign, told council this week that the sign the USO had received was damaged and until it was decided whether to repair it or obtain a new one, no action could be taken by council.

Jack Carson Radio Trio Tours Desert

Jack Carson and his wife, Kay St. Germain, and Dennis Morgan, of radio fame, were in Palm Springs for three days last week making a tour of army camps in this vicinity.

They spent from Thursday to Saturday in this area.

The mean distance of the sun from the earth is ninety-three million miles.

Many Gay Parties Feature Week In De Anza Room of The Desert Inn; Winter Visitors Arrive For Season

Thanksgiving Day week was a busy one at the Desert Inn with many social functions centering around the De Anza room during the week.

Feature of the week was the dinner party given yesterday at the Inn by Mrs. Nellie M. Coffman for 50 men from the 79th Infantry. All of the Desert Inn's staff did their utmost to see that the boys from the desert had a happy day.

Mrs. A. G. Merritt of Santa Ana entertained friends from Pennsylvania with a luncheon at the Inn. Guests were Mrs. Andrew Timko, Miss Mary Timko, Mrs. Ethel Vigne and Mrs. Herbert Jordan.

Mrs. Gordon Howard of 731 North Oleonda street, Fontana, was hostess at a luncheon last week in the De Anza room honoring several friends from that city. Guests were Mrs. A. W. S. Austin, well known writer, Mrs. George Newport, Mrs. Willard Mason, Mrs. Rudolph Gavoda and Mrs. Monroe Neal.

A delightful dinner party was that given by Mr. and Mrs. Ray Langer of the Figueroa hotel of Los Angeles, who had as their guests Mr. and Mrs. James N. Lott and Mrs. David Lott of Evanston, Ill., and Dr. and Mrs. Henry S. Reid of Palm Springs.

Guests at the Desert Inn are enjoying the music of Uzia Bermiani and his orchestra every afternoon and evening. In the midst of colorful decorations the lounge looks very festive with the lovely flowers and great clusters of red berries marking the opening of the holiday season.

New arrivals at the Desert Inn, some of whom came to spend the season basking in the Palm Springs sunshine are Dr. William

W. Lermann of Pittsburgh; Mr. and Mrs. D. G. Keeler, Mr. and Mrs. John Heafey and daughter, Mary, from Oakland; Dr. and Mrs. W. H. Daniel, Mr. and Mrs. R. N. Brodie, of Berkeley; Mr. and Mrs. H. W. Elkin of Altadena; Mr. and Mrs. O. D. Leas, Mrs. Sherman Hoyt, Mr. and Mrs. W. W. Downey, Capt. and Mrs. R. S. Brenner of Chicago; Mr. and Mrs. O. H. Anderson, of Tucson, Arizona; Miss Marie Hansen of New York City; Miss Mercedes McCambridge Fifield, whose voice is known to scores here, she portrays Irene in the One Man's Family program and the girl in the I Love a Mystery program over the air waves.

Others at the Inn this week are Mrs. Cyrus McCormick of Santa Fe, who is here to join her husband, Major McCormick, here recuperating from a recent illness; Mrs. Mina C. Kerr, Miss Sue Thorpe, Miss Barbara Hibbitt, Miss Clara May Cutter and Miss Betty Ann Vinter, all of Sacramento; Lt. Col. Hartford of the British army staff; Clayton C. Guest of Buffalo; Dr. A. F. Biggs of Long Beach; Mr. and Mrs. Mark A. Pierce, Mr. and Mrs. L. W. O'Brien of Calgary, Canada; Lt. and Mrs. Roy Pollard of Honolulu, T. H.; Dr. and Mrs. Arnold Chamiov of San Francisco; Mr. and Mrs. Reg Powell; Mr. and Mrs. A. B. Morris, Dr. and Mrs. Ray B. McCarty, Mrs. J. D. Thille, Mr. and Mrs. Rollin Smith.

Reservations are growing heavily and the Inn is in the midst of one of its best seasons.

Question of Civilian Shooting On New Rifle Range On Northside Put Into Hands of Police Chief Sanard

Bert Cameron, president of the Coachella Valley Rifle and Pistol club appeared before city council Wednesday night to explain the use of the new rifle and pistol range on the north side of town and west of Palm Canyon drive—and ran into an argument which will halt shooting by club members there unless an application for its use is filed and approved.

Have You a Spare Room? Telephone Red Cross Offices

Local Red Cross Headquarters on the Desert Inn grounds, telephone 4301, is asking persons with transient rooms to rent to list them with the local branch.

There is an acute need for rooms for transients from two to three dollars a night.

In many instances parents and wives of men at the Torney Hospital travel many miles to visit their boys, only to find when they arrive that there is no place available where they can stay overnight.

Dr. Warren A. Fox Addresses Rotary On Health Affairs

Dr. Warren A. Fox, county health officer, was special guest as Rotarians met this week at the Desert Inn and addressed the club on health matters. Coming to Palm Springs to "make up" attendance for a meeting of his own Rotary club at Riverside, Dr. Fox found himself at the speaker's table and the principal speaker of the day.

His topic was county and state health conditions.

Mrs. Madge Holderman, public health nurse here, was a guest of the club.

Dr. Henry S. Reid was program chairman.

Evanston Man Here To Discuss Plans For New Hospital

James N. Lott of Evanston, Ill., was in the Village this week conferring with city officials and leading medical men on the prospect of establishing a community hospital in Palm Springs. Agitation for a hospital, badly needed here, has been increasing lately.

Mr. and Mrs. Lott were guests at the Desert Inn while here.

Mr. Lott conferred with officials at the city hall and with Mrs. Madge Holderman, public health nurse, on the situation and also met Dr. Warren A. Fox, county health officer, when the latter was in the Village Wednesday.

The Desert Sun—5

Salvage Chairman Appeals For Total Effort In Village

BY WALTER ILLICK

Salvage Committee Chairman

Salvage of materials must go on if we are to win this war. And the longer the war lasts the more important and vital salvage becomes.

The boys over there are not waiting until after Christmas to do their fighting.

Let's do every little thing we can to back them up and do it now.

PAPER IS WEAPON

Waste paper has become a weapon of war. From the day a soldier goes to war he is dependent on paper, so when you tie up a bundle of newspapers about a foot thick you are definitely helping win the war. Newspapers are just one item needed.

Grease is still urgently needed, as well as any kinds of metals, rags and clothing.

The WPB's National Collection of discarded clothing and rag drive is on November 22, 1943, to December 4, 1943. I'll empty the boxes at the Plaza "Wishing Well" just as fast as you fill them with your discarded clothing and rags.

REPORT ALL SCRAP

Am getting quite a tonnage of old autos and iron sopted. If you see any don't fail to report the location, I'll do the rest.

Phone me any evening, 5405, for information regarding salvage. Bob Crosby says, "Try and not do anything that will make it tougher for the boys over there."

Twenty Bicyclists Pedalling Way to Village From Coast

Twenty members of the Santa Monica bicycle club took off at an early hour this morning from the coast city for Palm Springs and are due to pedal into the Village this afternoon. They will make their headquarters at Walter and Charles Davisson's Desert Trailer Village.

The riders are of all ages from 12 to 65 and include many notables, one of whom is Dr. Kenneth McLarand, noted specialist of Santa Monica and Long Beach, a close friend of the Davissons. The club plans to return Sunday.

Arthur Westermarks Spend Honeymoon At Village Estate

Mr. and Mrs. Arthur Westermarks, whose wedding last Saturday afternoon at Bel-Air was one of the outstanding social events of the season there, are honeymooning in Palm Springs at the Frank Davies estate. They came here immediately following the ceremony and reception which was attended by many prominent villagers.

Mr. and Mrs. Davies, who turned the estate over to the Westermarks for their stay in Palm Springs, arrived in the Village toward the end of the week.

Mrs. Westermark, talented and beautiful winter resident and socialite, was the former Nina Anderson. She has spent several winters here and is extremely popular. Mr. Westermark is a noted electrical engineer.

Pay your telephone bill before the 30th and receive a discount.

Mrs. Ona Brown to Entertain For Mrs. William Malouf

Mrs. Ona Brown, popular hostess at many delightful affairs last season, tomorrow will entertain at her home on Palo Verde avenue at a cocktail party from 5 to 8 p. m., featuring a week of gay affairs here.

Her guest of honor will be the charming Mrs. Vicki Malouf whose birthday it is. Also honored will be Mrs. Arthur Frost and Mr. and Mrs. Arthur Westermark who are honeymooning at the Frank Davies home here. Mrs. Westermark is the former Nina G. Anderson, well known local winter resident. Her marriage to the noted electrical engineer was an event of last Saturday at Bel-Air.

Also invited and honored on the occasion will be many servicemen.

The social season was fully ushered in this week with Mr. and Mrs. J. Darsie Lloyd hosts at a delightful affair Tuesday night while on Wednesday night Mrs. Blanche Bagnoll was hostess at another charming party.

Mrs. Anita Walton, who has taken a home here for the season, was hostess at a Thanksgiving evening fete to many guests and tonight Mr. and Mrs. Frank Davies will entertain for Mr. and Mrs. Westermark.

Mrs. Malouf will be hostess at an elaborate affair Sunday in honor of Mrs. Brown on the occasion of the latter's birthday.

Chaplain Farris Is Transferred to New Post At Reno

Lt. Walter A. Farris, chaplain at the 21st Ferrying Group base here, has been transferred to a new post at the Reno Army Air Base at Reno, ev. No successor to Chaplain Farris has been appointed so far.

Departure of Chaplain Farris will be much regretted by both soldiers and villagers. He conducted many services this summer at Community Church during the absence of Dr. J. R. Macartney, pastor.

Keep Electric Motor Clean

An electric motor must be kept clean to allow air to circulate through the coils, to prevent its burning out.

Community Church Choir Entertained At Robinson Home

The adult choir of the Community Church held its monthly party at the home of Mrs. T. G. Robinson, 514 Calle Ajo, on Thursday evening.

Preliminary practice under the direction of Holly Lash Visel was held as the group was gathering, after which they went to the church for regular rehearsal.

Returning to Mrs. Robinson's, a shot business meeting was presided over by Miss Berenice Stepp, president, followed by a short entertainment program; Mrs. Walter Ilick sang "Three Little Chestnuts" and "Thumb Marks," accompanied by Mrs. Hooker; and an animated reading by Mrs. Elizabeth Collins and Mrs. Virginia Brown. Refreshments were served.

Those present were: Mrs. Holly Lash Visel, Mrs. Walter Ilick, Mrs. Ora Windhurst, Mrs. Violet Fowler, Mrs. Antionette Romato, Mrs. Hooker, Mrs. Betty Spears, Mrs. Leona Markham, Miss Berenice Stepp, Mrs. W. C. Shure, Mrs. Virginia Brown, Mrs. Elizabeth Collins and Mrs. T. G. Robinson.

Junior Choristers Hold Thanksgiving Party At Sale Home

At the home of Mrs. Marvin Sale, 509 Calusa, the Juvenile Choristers of Community church were entertained at a Thanksgiving party, Saturday afternoon. The home was gaily decorated with festoons of crepe paper in fall colors. Particularly effective was the table decoration: a huge bowl of fruit centering the turkey bedecked cloth.

Small tables with games were provided for the guests, as also were supervised games on the lawn. These were led by Mrs. Violet Fowler.

The children sang a number of well known songs for their own enjoyment after which Mrs. Sale was assisted by Mrs. M. A. Selinger in the serving of delicious refreshments.

The choir members present were: Nancy Nye, Patricia Fowler, Suzanne Watson, Diana Crandall, Hazel Vieth, Sandra Small, Betty Rust, Shirley Lockett, John Selinger, Buddy Sale, Nelson Visel, Bobby Markham, Janet Harlow, Donnell Knupp, Gordon Inman, Lola Collard, Spencer Boyd, Barbara Moore, Ruth Parry, Peggy Moore, Teddy Robinson, Shirley Rock, Betty Sandoval and Connie Nash.

A new sodium fluoride treatment seems to be successfully banishing toothache due to exposed dentin.

"Did you succeed in rescuing your friend who was captured by cannibals?"
"Unfortunately, when I arrived he had already been scratched off the menu."

Noted Artist to Appear Before Local Women's Club Dec. 6 In Concert; Army Officers' Wives to be Special Guests

John Raitt, noted baritone, will appear as the next artist before the Palm Springs Woman's club, Mrs. William A. Lippman, president of the club, announced this week. He will be accompanied by Eda Schlatter, who is herself a noted concert artist. The appearance of this talented duo will be on Dec. 6, the next meeting of the club, at 2:30 p. m.

Mrs. Lippman said that the club would be guests to wives of army officers on the occasion and all officers of the club will be hostesses at the tea which will be given in the patio of the club house.

REDLANDS U GRADUATE

John Raitt was graduated from the University of Redland in 1939. While there he took part in notable operatic productions and also sang with the Riverside Opera company.

He joined the Los Angeles Civic Light Opera Company in May, 1940, and appeared in "Pinafore," with John Charles Thomas who inspired him to study a career.

Edwin Lester noticed John Raitt in "Pinafore," and gave him a role in "The Merry Widow," which won for him a stock contract with M. G. M. Studios where he stayed for six months.

appearing in such pictures as "Flight Command," and "Billy the Kid," with Robert Taylor.

In April, 1940, he received an invitation from the President of his alma mater to return to the University and perform as the lead in "The Vagabond King."

APPEARS IN BOWL

In September, 1941, he appeared in Hollywood Bowl as the brother of Rose Marie, in the production "Rose Marie," starring Allan Jones. A few months later, he joined the American Music Theater of Pasadena, and has since made famous his role of Figaro.

A passion with John Raitt is the promotion of opera in English to be enjoyed by young people and adults throughout the country. This performance has had two appearances in Redlands Bowl, one at Occidental College on their concert series, and one at Stephens College, Missouri.

Thanksgiving Day Service Is Real In Village Parish

Thanksgiving Day was very real to the people of St. Paul's in the Desert, Episcopal Church. A representative congregation attended the early service of Holy Eucharist and many more came at the later hour service. Special music and a sermon by the Rev. Robert M. Hogarth, vicar, on "Thanks for Everything" marked the service.

"Our first Thanksgiving service in the new church was just a year ago," said Rev. Hogarth. "We have much more to be thankful for now."

Community Church Choirs Taking Big Part in Services

Mrs. Holly Lash Visel's rapidly growing Chapel choir will present the Singing Service at Community Church next Sunday evening at 7:30 o'clock. Robed in dark blue, this group of girls from Palm Springs high school present a most attractive processional, Dr. J. R. Macartney, pastor, said.

The Cathedral choir, which is heard at the 11 a. m. service Sundays, has already overflowed the seating capacity of the choir loft.

Mrs. Visel is preparing a junior choir of 25 children's voices for the Christmas service.

Pay your telephone bill before the 30th and receive a discount.

CHRISTIAN SCIENCE CHURCHES
"Be merciful unto me, O God: for man would swallow me up; he fighting daily oppresseth me. . . . What time I am afraid, I will trust in thee." These verses from the Psalms are the Golden Text in the Sunday Lesson-Sermon in all branches of The Mother Church, the First Church of Christ, Scientist, in Boston. The subject is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

When David prepared to go out to fight the Philistine giant according to a Lesson-Sermon passage from I Samuel, "he took his staff in his hand, and chose him five smooth stones out of the brook, . . . and he drew near to the Philistine. . . . And the Philistine said unto David, Am I a dog, that thou comest to me with staves?" Then said David, "Thou comest to me with a sword, and with a spear, and with a shield: but I come to thee in the name of the Lord of hosts, . . . for the battle is the Lord's, and he will give you into our hands. . . . So David prevailed over the Philistine with a sling and with a stone. . . . Mary Baker Eddy says in "Science and Health with Key to the Scriptures: "In Science, you can have no power opposed to God, and the physical senses must give up their false testimony. . . . Evil is not power."

Nation Has Much to Be Thankful For Says Pastor

The nation has much to be thankful for, Dr. J. R. Macartney, pastor of the Community Church told a large congregation in his Thanksgiving Day sermon yesterday morning at 10 o'clock.

Dr. Macartney's talk dealt with a nation at war and he enumerated many things for which the United States can give thanks, even in 1943.

Mrs. Walter Illick was soloist for the service.

The collection will go toward aiding repatriated Americans, especially missionaries, who are en route home on the exchange ship, Gripsholm. It will also go toward aiding those still interned in enemy land, the International Red Cross having made arrangements to forward this assistance.

"Bottom of World" Is Title of Film

Next Sunday evening's motion picture at Community Church is entitled "The Bottom of the World," Dr. J. R. Macartney, pastor, said today. It is a graphic portrayal of places and customs below the equator.

Last Call Issued By Post Office to Do Mailing Early

Last call for EARLY Christmas mailing was issued this week by R. M. Gorham, postmaster.

Because of the great increase in mail matter and because of the shortage of experienced help, the post office department is urging all to do their Christmas mailing before December 1.

WILL ARRIVE TOO LATE

"The great avalanche of mail always experienced before Christmas will result in many letters, cards and packages arriving late unless Christmas mailing is done earlier this year than ever before," said the postmaster.

"Mark your Christmas packages 'Do No Open Until Christmas' and get them in the post office at once. In that way, you'll be sure that they arrive at their destination before December 25."

DON'T DELAY IT

"Those who wait until the last minute this time will find themselves in a jam. Post office business has increased many times in the face of a serious shortage of experienced post office help.

"If you want to be sure your Christmas mail gets there on time, don't delay. Mail it before Dec. 1."

Mrs. Walter Z. Allen, who recently went to Pasadena to recuperate from a severe illness, was able to return home this week. Mr. Allen brought her to their home here last week-end.

Community Circle Meets Tuesday At J. W. Williams Home

The Community Circle of the Community Church will meet with Mrs. J. W. Williams, 610 Via Monte Vista, next Tuesday afternoon at 2:30 o'clock. Assisting Mrs. Williams as hostess will be Mrs. A. Hogan, Mrs. A. DeBolt and Mrs. E. M. Froom.

Mrs. J. R. Macartney will lead in the devotionals.

Mrs. C. S. Henderson will speak on the work of the Gray Ladies, Mrs. Gordon Nicholson will report on Red Cross activities and Mrs. George Mannington will give a demonstration of fall flower arrangement.

Transportation can be arranged by calling Mrs. Nicholson at 6432 and all women of the community are invited.

Government Wants Facts On Foreign Property You Own

Do you own property in foreign lands?
If so, file a report with the U.S. Treasury Department before Dec. 1, R. M. Gorham, Palm Springs postmaster declared today.

Forms, known as TFR-500, may be obtained from commercial banks or the nearest Federal Reserve bank, Mr. Gorham said, and penalties are provided for those who wilfully fail to file reports.

"It is necessary for the government to have as complete information as possible on the American stake abroad to assist the military authorities and the civilian governments on the fighting front and to bring about sound solutions of the post-war problems," said the postmaster.

every natural science was advanced by the Andrews expeditions, in number of personnel and amount of equipment, in new discoveries and museum specimens, the Asia project is unequalled in the history of scientific exploration. From it stems the author's great post-war ambition — to found and international organization for the exploration of the still largely untouched hinterland of Asia.

For Essential Transportation — U-Drive Cars. Phone 4444.

Pay your telephone bill before the 30th and receive a discount.

Village Will Join With World Sunday In Notable Event

Next Sunday, November 28, the first Sunday in Advent, a corporate communion for men and boys will be celebrated at St. Paul's in the Desert, Episcopal Church, at 8 a. m.

"All over the nation and in the Church's foreign mission stations and the islands of the sea, the men and boys of the Church will be coming to the Lord's Table of the same hour at thousands of altars," said the Rev. Robert M. Hogarth, vicar. "In training camps and in battle areas, our boys will be kneeling on the ground before crude altars to receive the sacrament and pray for the folks back home."

"This service is sponsored by the Brotherhood of St. Andrew, the apostle, who was the first to bring men to Christ in the person of his own brother, Peter.

"All soldiers will be invited to breakfast at some convenient place."

Memorial Library**

UNDER A LUCKY STAR

By Roy Chapman Andrews

Roy Chapman Andrews joined the staff of the American Museum of Natural History in 1906 and he retired from that institution in 1941. His first job was to sweep the floor of one of the laboratories, his last job was Director of the Museum; and his life between was devoted almost entirely to building the Museum into its present position of world eminence.

Prior to the famous Asiatic expeditions, Dr. Andrews traveled all over the world, mostly collecting scientific information on the whale. The animal had been known for centuries and hunted for generations but it had never been studied systematically, and his research provided the basic data on the subject.

The expeditions into unexplored Asia occupied in all a period of more than ten years (1916-1928). Some of those years were devoted to fund raising, some to planning an organization of equipment, an there was a period during the First World War when the author was with the American Intelligence Service in China. But more than five solid years were spent in the field, in scope (practically

Plunges From Warm Desert Climate Into Sub-Zero Weather

William A. Lippman, Jr., who was recently a visitor at the home of his parents, Mr. and Mrs. William A. Lippman, experienced a great change of temperature, rapidly.

After visiting Palm Springs and the desert area, he went directly to Alaska. Mr. Lippman represents the Evans company of Los Angeles, manufacturers of airplane appliances.

In Alaska he found sub-zero weather and from countless days on the desert the week before, had to wrap up in heavy furs.

Hot Springs Goes For War Chest in Big Way, Report

Desert Hot Springs, which shared in the Palm Springs War Chest campaign, made an enviable record in the drive, Chairman Tom Holland of the local committee reported.

The campaign at Desert Hot Springs was in charge of Mrs. Allan Guthrie, wife of Commodore Guthrie, who lives in the large Guthrie ranch between the Village and Garnet.

When you save GAS for heating
...you conserve FUEL for the Battle of the Pacific

**YOU'LL BE
GLAD IT'S WARM
INDOORS**

At your finger-tips . . .
easily controlled gas
heating can be tailored
exactly for healthful
warmth without waste.

When your alarm says "Get
on the job, brother"—modern
gas heating is healthful and a
big help, but don't WASTE it!

AMERICA needs everybody on the job this winter. On time.
Full time . . . so use your gas heating to keep healthfully
warm . . . but don't waste it. Because more and more fuel
is needed for the war effort, and saving heat saves fuel.

You can help your Government to conserve fuel this
winter by avoiding waste in every way you can:
don't overheat your house, or waste heat on rooms
not in regular use, or let the furnace "go" when it's
not needed.

The fuel you save this winter means that much more fuel
saved for the Battle of the Pacific.

SOUTHERN CALIFORNIA GAS COMPANY

GAS IS VITAL WAR FUEL
Use it wisely!

THE COMMUNITY CHURCH INVITES YOU

You ought to go to Church

Nothing ever happens in any community as important to the life of the community as the regular Sunday morning Church Services.

Every community ought to love its Churches; and at this appointed time, turn out en masse to honor Him in whose name the Church exists.

Rev. John Robertson Macartney will preach at The Community Church at 11:00 o'clock and 7:30 P. M.

Holiday
Greetings
Merry Christmas

**PHOTOGRAPHIC
CHRISTMAS
CARDS**

We've a wide variety of extremely attractive new designs to fit in with your favorite snapshots.

Bring in your negatives and we'll help you choose cards that will make your Christmas Greetings stand out as specially nice — and different, too.

There's bound to be a tremendous demand this year. Place your order now so you'll have your cards when you want them.

Girls From Harbor Cities to Be Here For USO Week End

Wilmington and San Pedro girls will be hostesses for the coming week-end party at the local USO club, 346 Tamarisk Road. Forty Sun and Sand Caravaners will arrive at the open dance Saturday night, for dancing, singing and "good old talks" with local service men.

Soldiers from nearby army camps are invited to attend the Saturday night dance and return for Sunday activities of church, horseback riding, bicycling, swimming, sports and dancing.

ALHAMBRA HERE

Alhambra Sun and Sand Caravaners were hostesses at the USO club for the past week-end party. The junior hostesses and local service men danced to music of the 95th Division Band and were entertained by musical numbers from the 95th Division Glee Club, whose membership is twenty-five in number.

In return, the girls presented entertainment from Marjorie LaLond and Marilyn Beau, vocalists; Miss McAnally, dancer. Saturday evening's festivities were successfully closed with a community sing, directed by Mrs. Holly Visel.

TOUR HOSPITAL

On Sunday, all girls attended church services at Torney Hospital and returned later for a tour of the grounds and ward visitation. Other Sunday activities included horseback riding, bicycling, sight-seeing, desert photography and swimming. The day was closed, for Alhambra hostesses, by a tea-dance from one to three o'clock.

Senior hostesses who accompanied the girls were: Mrs. May Bettinger, Mrs. Veronica McKinney, Frances Gebhart, Mary Lewis. Arrangements for the week-end party were made by Mrs. Marguerite Van Derwerker, Sun and Sand Caravan director, with Mrs. Eloise Hirt, local USO club director; Gail Sollender, Frances Dodds, from local USO; and Mrs. May Bettinger, Alhambra USO Club.

LEONARD PENNARIO BACK AT POST

Our typewriter, for all of its metallic makeup, must be a cagey sort of an instrument with a mind and self-propelling power of its own.

We are not sure, but we would almost swear that when we entered our editorial alcove the other night we heard the machine busy at work, typing out slowly the words L-e-o-n-a-r-d P-e-n-n-a-r-i-o. At least that was written on the paper that was tucked into the machine's mouth and we couldn't find any trace of a human being who might have been its pilot.

Of course we could be imagining things, which sometimes happens after an evening of moist conviviality, but we're on the wagon. Finally the conclusion was reached that this old mill has written so much about Pfc. Pennario that from force of habit its keys were still at it, like the momentum of a pendulum, so to speak.

Anyway, we feel the momentum should be accelerated because Pfc. Leonard Pennario has just returned from New York City, sometimes called the Main Stem by the boys and girls of the writing trade, where he stood the staid symphony lovers on their collective heads.

Maybe they didn't actually stand on their heads, but they did rise to their feet time and time again, lustily cheering his piano artistry and pounding their palms together long enough and loud enough to drive enough rivets to build a dozen Flying Fortresses.

He appeared there on Nov. 17 and 19 and the raves of the Manhattan music critics over his Carnegie Hall performance are found elsewhere in this week's Twenty-One.

EYE WITNESS TALE

While we are narrating typographically about his audiences, we offer Lt. Louis Olshansky, physical training director, as an eye-witness.

The good lieutenant has just returned from New York where he spent his furlough at home. He attended Pennario's first performance, and attests that the ovation given the soldier was beyond belief. The top hat and white tie crowd acted more like a fight mob than an effete concert audience at the conclusion of the performance, the lieutenant said. As a matter of fact, said Lt. Olshansky, the double pleasure of hearing Pennario and seeing the demonstration nearly choked him with emotion.

HIS MOTHER THERE

Before Pennario reached New York for his concert, a "little thing" took place that drew moisture from our emotional storeroom.

Leonard's mother for years has dreamed of hearing her son play in Carnegie Hall. Then he joined the army and Mrs. Pennario, like millions of other American mothers, tucked her dreams away until after the war. Out of the blue came his chance to make a wish come true, but there wasn't any ready folding green for Mrs. Pennario to make the trip.

Perhaps you don't know it, but Pennario doesn't profit from his performances. He gets his expenses. The rest he gives to Army Emergency Relief.

So Mrs. Pennario was doomed to remain at home.

They didn't reckon with Joseph Pennario, Leonard's 15-year-old brother. That young man went out and got himself a radio acting job, which in Hollywood is as hard to do for yourself as it is

in the Army to advance from private to general overnight.

He played Gary Cooper's brother on the Lux radio show, earned some money, marched jauntily home, and had a conference with his mother.

Mrs. Pennario a few days later was among those present when Leonard achieved his triumph.

CONFIDENCE

Did you know that when the WAVES hear the end of the song which goes: "Nothing can stop the Army Air Corps," they shout: "Except a woman?"

BOTH GOT THE BOUT

We have been around, as the bromide goes, and have seen lots of dolls toss guys around, both with and without finesse, but with always the same answer. As a matter of fact, we have been tossed ourselves, and at times have wished we were from the middle ages instead of the middle west so we would know how these subtle sirens with the Cleopatra complex operate.

But one of the post musicians has come up with the all-time hit parade champion in tossing. He fell for a belle, a local one, and among things he was clipped for was a shoe ration coupon. Well, the doll got her tootsies clothed and has given our boy the sour eye while she gives the sweet one to a G. I. from a neighboring installation.

Our boy is unhappy, although we think the imprint of his own G. I. brogan upon the little woman's anatomy wouldn't be amiss.

BRIEF BUT POWERFUL

Overheard in Gordon's eatery: Two Wacs were discussing another sister Wac: "She got those wide hips from sitting pretty."

PROP WASH

Would it be amiss to call Pfc. Billie Breeze and Babs Yaskulka, Wacs working in the motor pool, "Pistol Packin' Mamas?" ... It's corny, but it's better than the crack that Cpl. Fred Thomas made about the disappearing cannon that goes "Peek-a-boom!"

... We've been told that Santa Claus is bringing 1st Sgt. Helen Davis a pair of boxing gloves for Christmas. ... The A. and R. Dept. is auditioning candidates for the post boxing team in all weights, so you can compete against folks your own size. ... Contrary to opinions of a critic, Lt. Billy Bold is not a fictitious character. He's a real person and a good officer, we're told by several who serve under him. ... Several men have complained that we use too much Wac news in this column. That may be true, but less talk and better marching would keep 'em from winning the weekly review. ... Cpl. Maurice Prince lost a bet on a pro football game when the winning team tossed a pass in the last 40 seconds of play for victory. ... S-Sgt. Jack Epperson and the Missus celebrated their first wedding anniversary this week.

Out-of-Door Sunday Evening Concerts At Torney at End

Sunday evening concerts at Torney General Hospital came to an end last week-end with a recorded symphony under the stars in the garden on the grounds.

Advent of chilly evenings and lack of space indoors in the Recreation Hall due to the many entertainment programs, prompted the decision to suspend the outdoor symphonies until spring. They were in charge of the special service department and greatly enjoyed by the patients.

In the Know With the USO

By Gail Sollender

Remember that familiar song, "Wishing Will Make It So?" Wouldn't it be wonderful if all the wishes made this year at festive tables throughout the country would come true? Wouldn't it really be something to know that all the hope and faith which went sailing out on the Thanksgiving air was going to do some good?

The holidays at the USO were brightened considerably by Miss Estaire Koplin, talented mezzo-soprano from Los Angeles, vacationing at Palm Springs, who gave unsparingly of her time and talent during the week. She kept the boys merry with songs and seemed to have an inexhaustible supply of tunes to play. Her background consists of operatic engagements and concert work in and around Hollywood. We were most fortunate to have her with us and would like to thank her unanimously for pepping up the men who were down at the mouth.

HOLIDAY DINNERS

Ninety-four soldiers were invited to 24 Palm Springs homes over Thanksgiving. And that doesn't count the 50 boys Mrs. Nellie Coffman of the Desert Inn asked to be her guests over the holidays! That's not a bad record. Much of the credit for the success of this Home Hospitality program goes to Mrs. Emil Wagner who worked like a dog keeping tab on the cards sent out, calling committee and church women together, and checking up on last-minute details. A finer chairman we never saw, and the committee itself did no shirking when it came right down to actual work!

Sunday, 12 Senior Hostesses from Smoke Tree Guest Ranch took over the USO, from 1 to 4, and what a feat of organization they performed! Ten minutes after they'd laid aside their purses, they were efficiently at work ... behind the snack bar ... at the information desk ... checking swim suits ... signing in Junior Hostesses. With admiration we watched them and with delight we are looking forward to their next Sunday shift! Our grateful thanks to the following ladies who reassured their last-year jobs as though no time had elapsed between Sundays: Mrs. Pellisee, Mrs. Schwab, Mrs. Bryns, Mrs. Burgdash, Mrs. Campbell, Mrs. Richards, Mrs. Burkman, Mrs. McCullough, Mrs. Banks, Mrs. Sawyer, Mrs. Davis and Mrs. Burnham.

GLEE CLUB DELIGHTS

The Glee Club from the 95th Infantry division sang its way into the hearts of the Red Cross, the patients at Torney General Hospital, the Junior Hostesses and the soldiers at the USO. They had a busy two days in Palm Springs and we hope they'll be back the next time that popular 95th band comes tooting its way into the village.

Wish you could have seen Mrs. Betty Libott getting into the spirit of "Pistol Packin' Mama" during Mrs. Holly Visel's song-fest at the close of Saturday's dance! All she needed was a sombrero and a .32!

Mrs. Hirt returned from the Santa Barbara conference of USO directors, Saturday, with two USO personages in tow: Miss Florence Williams of the National Board of the Y.W.C.A., who is noted for her work with Junior Hostesses, and Miss Eva Hancock, now of Phoenix, of whom we had heard many praiseworthy things. They were both impressed at the way the Sun and Sand Caravan girls made up their own army cots at the Skating Rink and then diligently put them down the next morning. Couldn't

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By S-Sgt. Russel H. Genich

JACK BENNY SHOW DELIGHTS HOSPITAL

Jack Benny, well known star of stage, screen and radio staged a well received performance for Torney patients Saturday, November 13, in the Red Cross Recreation Hall. With two of his radio gang, Rochester and Dennis Day on tap, Benny told of his experiences on his trip to foreign fields during his recent entertainment swing around the war fronts of North Africa, Sicily and Italy.

The 93rd Infantry Band of Camp Young opened the program with some well played "jive." Benny introduced the well known duo of Felix and Leo, of the Doll House, in a musical trip through Latin America by way of Waukegan, Illinois, Benny's home town.

Dennis Day, popular tenor of the Benny show, sang two numbers, "Oh, What a Beautiful Morning," and "Night and Day." Rochester followed with 15 minutes of gags and quips in his typical style. Benny closed the show with his famous stage routine with the violin. This is without a doubt one of Benny's best routines.

The response of Torney patients to the show demonstrates in a small way the appreciation we of Torney have for all of the outstanding talent that has given so graciously of time and talent. We all say thanks to you, Jack Benny and company.

NCO'S STAGE PARTY

The entertainment committee of the Torney NCO Club, under the direction of T-5 Lee Grabel, arranged a gala Thanksgiving party at the club house last night.

Dancing to the music of the Torney Orchestra, and entertainment by some of the outstanding talent of the Post featured the evening. Particular attention was given the decoration of the club for the evening event. Most of the members availed themselves of this opportunity and were on hand with their lady friends.

BAND ENTERTAINS

The high spot of entertainment for the weekend just passed was the program presented by the 95th Infantry Band Glee Club. The band of twelve G. I.'s and chorus of 25 voices presented a concert in the Recreation Hall, Sunday, November 21st at 1830.

Under the direction of Sgt. Herbert Peller, the band and chorus presented an interesting and varied program.

PROCEDURE CHANGED

A change of procedure for patients wishing to visit the USO on Monday, Tuesday or Wednesday afternoons has been announced. Patients are asked to:

1. Secure pass from Ward Officer.

2. Leave name in the Red Cross Recreation Office before 11:30 a. m.

3. To receive written permission from the Ward Officer if the patient wishes to swim.

The trip is started from the guard house gate at 1:00 p. m., with the Red Cross Motor Corps furnishing the transportation. Red convalescent suits are the required outfits.

HONOR FORMER PATIENT

Pvt. Arthur Duffy, former patient of Torney General Hospital, has been cited for heroism and will receive the Soldiers Award at his new station at the conclusion

quite believe 60 girls would travel 125 miles to wait on themselves!

COZY PLACE

Our newly-laid rugs give us quite an air! With the brisk desert nights coming up, they are going to have a lot to do with making us look warm and comfortable. Somehow there is nothing like a soft rug to bespeak coziness!

Question of the week: Does Pvt. Bob Lorensen of TGH have a new love? An out-of-town one?

You should have seen all the pumpkin and mince pies the local Junior Hostesses brought up Wednesday evening, for the Thanksgiving Eve dance. We were surprised at the number which were homemade, and not by the girls' mothers, but by themselves! They were gobbled up in short order with many explanations of "Why Don't We Do This More Often."

We close this week with the hope that you are all backing the War Chest Drive. It's a worthy one! Yours in USO.

For Essential Transportation — Yellow Cabs. Phone 4444.

Pay your telephone bill before the 30th and receive a discount.

Flyer Decorated In Impressive Torney Ceremony

Master Sergeant E. F. Beach, air corps bombardier, was decorated with the Air Medal and Distinguished Flying Cross by Col. A. B. Jones, commander at Torney General Hospital in impressive ceremonies last Friday.

Under command of Capt. Ralph Hendrix, two platoons of Medical Section SCU 1976 were in formation for the event. After inspection by Col. Jones, Capt. L. W. Matlock read the citation after which Col. Jones presented the honors.

The military record of Sgt. Beach covers the past five years. Enlistment previous to the war, he was assigned to B-17's as a bombardier. Stationed at Hickam Field, Beach was present in the December 7th attack by the Japs made on that installation. Sgt. Beach also took part in the Battle of Midway, the Solomons attack and continued on into the New Guinea section. Sgt. Beach, once shot down, is already the recipient of the Silver Star.

The presentation of the Air Medal is in recognition of the part played by Sgt. Beach in the destruction of an enemy supply and fuel dump in the Solomons. The DFC was presented for the destruction of seven Jap ships in Pacific waters.

Sgt. Beach, who arrived at Torney for a physical check-up in October, is anxious to return to duty. He will leave soon to return to the front.

Woodland Grazing Destructive

Grazing of woodlands destroys more woodlands than the forage is worth.

File 4 Complaints For Violation of Walk Washing Law

With four complaints already on file before Judge Guy Pinney in city court, Police Chief Lyle J. Sanard said that there wasn't enough cooperation between some establishments and the city on observance of the ordinance prohibiting flooding of streets during sidewalk washing operations.

The ordinance permits sidewalk washing between 5 and 7 a. m. only and then only such quantities of water as are necessary to clean the walks is allowed. The measure prohibits letting the water run into and accumulate in gutters.

Arrests will continue, the chief said, until the measure is strictly obeyed.

Lions And Ladies Dance to Aid War Activities of Club

Members of Palm Springs Lions club and their ladies and guests danced Monday night and helped swell the War Activities fund of the club to a comfortable figure when they staged Ladies' Night in lieu of their regular weekly meeting which fell on Thanksgiving Day.

The party was held at the Colonial House and was a rousing success.

Valuable awards were made to winners and some of the auctions provided hilarious results.

Host Harold Maundrell of the Colonial House saw to it that all had a good time. Music was by Will Thurman's zestful army air base band. Dr. E. E. Oertel, chairman of the program committee, and Lloyd Simon, chairman of the War Activities committee, pooled their committees to make the affair the success it was.

Mrs. J. N. B. Barroughs of 1184 Camino del Mirasol, wrote friends here this week that they expect to return from Piedmont, Calif., to the Village on Dec. 16 to spend the season.

Recreation Activities Planned At Minimum Cost to City; Schools To Carry On Own Program Is Report

Voting hearty endorsement of the proposal of the Desert School district to sponsor its own recreation program for children between the time school closes in the afternoons and 5 p. m. and on Saturdays, the Recreation Commission met last Monday to pass on a busy program brought on by renewed activities at the Field Club.

Report of the commission's meeting was made to city council Wednesday night.

BENNETT APPOINTED

Appointment of R. H. Bennett, recently named Field Club director to handle recreation problems there, as secretary to the commission was one of the actions of the commission.

John R. E. Chaffey of the commission was present to explain and amplify the commission's report. He said the commission was lining up its program under the recent federal grant for maintenance and operation of the Field Club at a minimum cost to the city.

Recommendations of the committee were approved by the council.

CARRY ON PROGRAM

After Mr. Chaffey told council that he had explained to Miss Katherine Finchy, superintendent of the Desert School district, that the city could not include school recreational activities under the grant, he said Miss Finchy agreed that the district would carry on its own program. The council approved of the school program.

In regard to the application of the city for federal aid in construction work at the Field Club, which was recently disapproved by the government, Mr. Chaffey explained that no further action had been taken by the commission on renewing the application until work under the federal grant of \$6867 for maintenance and operation was fully under way.

Four Permits For Building Issued By Works Director

Four building permits were issued by Ray M. Sorum of the department of public works during the week, the total being \$475.

Permits were issued to:
Nov. 18—Mrs. N. O. Turner, 276 Granvia Valmonte, addition, \$100.
Nov. 20—Harry Crawford, 749 Prescott drive, remodeling, \$200.
Nov. 21—Stanley Rosin, 413 South Palm Canyon Drive, remodeling, \$100.
Nov. 22—Hildegard Saylor, 480 Via del Sol, addition, \$75.

Radio Technician Named By Council

Employment of Harry O. Platt of Riverside to service the local police radio station, KQAS, was authorized by city council Wednesday night on recommendation of Chief of Police Lyle J. Sanard. Chief Sanard told the council that the station could not operate, under FCC regulations, without a radio technician.

Jerry Faas of Indio, who had been serving as technician for the local station, recently resigned as he is leaving the area.

Don Carlos Reports Successful Opening

Chef Don Carlos who last week took over the Tahquitz cafe, experienced a most successful opening and says business at the popular eating spot, 693 South Palm Canyon Drive, is excellent.

He has inaugurated a new feature, a special noon-day lunch at 50 cents, which he is serving from 11 a. m. to 2:30 p. m.

Field Club Rest Camp Is Host to 420; More Coming

Capt. Harry C. Bursley reported that 420 soldiers had availed themselves of the Rest Camp at the Field Club last week-end and that a capacity use of the facilities there was expected soon.

In the meantime, Mrs. Bertha Carter, assistant Chamber of Commerce secretary was confronted with a real task as a request came in from a special service officer to find accommodations for 100 men here this weekend and another post asked accommodations for 250.

Earl Strebe recently generously offered use of the Palm Springs and Plaza theaters for accommodations providing cots could be furnished and adequate military police protection provided. Up to today, however, no requests had come in from either special officer for the extra accommodations.

SHE LIKES WAVES—Jacqueline Harper-Bell, above, first Palm Springs girl to join the Waves—now stationed at Hunter College, New York City.

She'd Rather Be Here Where It Is Warm, On Birthday

Yesterday was Jacqueline Harper-Bell's birthday—and that was the only thing she found wrong with being a Wave.

Because she had to spend that birthday in New York City where the thermometer was way down instead of in the warm sunshine of Palm Springs.

Miss Bell is the city's first member of the Waves and in letters to her parents here, Mr. and Mrs. Norman H. Bell of 954 North Patencio road, she is enthusiastic about the work. She is at Hunter College in New York City and has been promoted to Seaman, second class, and assigned to personnel work. She has been in the service five months.

"There is a threat of snow in the air—I miss my Palm Springs sun," she wrote.

MORE ABOUT . . .

Costello Plan . . .

tatives of the Chamber of Commerce and city council.

He told Mr. Boyd with whom he discussed the matter, that he would be in the Village again next week at which time a meeting with a representative group of Chamber of Commerce members, business men and city councilmen will be arranged.

REPORT ON SOLDIERS

Larry Schultz, a member of the committee cooperating with businessmen and the city council on soldier leaves and accommodations here, reported on activities of that committee.

Stanley Rosin asked for information on soldier leaves and suggested that since there has been a change in command on the desert, the new commanding officer be contacted in regard to week-end leaves here. E. E. Theriau, a member of the committee, said that would be done.

Blaze In Tahquitz Canyon Subdued With Minor Loss

Believed started by hunters, a fire which started in the bottom of Tahquitz canyon, above Palm Springs, was checked by rangers from the state forestry department Sunday.

The district being almost inaccessible, the fire fighters were forced to pack their equipment in on foot over rough trails.

The blaze was reported by the Indian agency here at 4:20 p. m. Only a small acreage was burned over.

Rubidoux Motor Company Opens Its 6th Season Here

Edgar L. McCoubrey this week opened the Palm Springs branch of the Rubidoux Motor company of Riverside at the Plaza garage, Arenas road and Indian avenue. It is Mr. McCoubrey's sixth season in the Village.

He is offering the Hertz Drive-It-Yourself service and is also handling Cadillac and Oldsmobile sales.

Used cars are being bought and sold at the new motor company. At Wednesday night's council meeting, Mr. McCoubrey offered his services to the city in the event an extra automobile is needed in an emergency.

Mrs. Isenagle and Mrs. Burket Named On Health Board

City council this week confirmed by Mayor F. V. Shannon the appointment of Mrs. Cecil Isenagle and Mrs. Charles Burket as members of the health center committee.

They will fill vacancies on the board created by the resignations of Mrs. Bacon L. Clifton and Mrs. Clarence Bosworth, both of whom have moved from the Village.

Motion for the confirmation was made by Councilman Philip L. Boyd.

To reduce the hand labor in haying, New York state farmers built more than 1,000 buck rakes in 1942.

Appellate Court Upholds Decision In Damage Suit

According to report from San Bernardino the Fourth District Appellate court, sitting there, has handed down a decision upholding the verdict of the lower courts in a damage suit arising out of damages caused by flood waters in 1938.

The suit was brought by the McManus holdings against the Smoke Tree ranch, it being charged that flood protection activity at the Ranch had caused damage to McManus property.

The lower court ruled for the defendant and the decision was affirmed this week.
